

Hello Colorado Businesses and Supporters,

COVID-19's impact on Colorado has been widespread and its effects on our business community have been particularly profound. There's a lot of information coming out and that information is changing almost daily. We get it and we're here to help.

Starting this Friday, April 3, access the latest information and resources directly from the top, in one 60-minute call, on a consistent **weekly basis**.

Get real-time updates from local, state and federal agencies and hear from experts on topics such as funding, policy and business solutions.

Calls are organized by region so businesses and advocates can get the latest information relevant to them and their area of operation.

There are three convenient ways to engage:

## 1) Join us on Zoom

Please download the [Zoom app](#) on your computer, tablet, or phone. Zoom works on all devices, including Apple, Android and PC. If you choose the audio-only option, there is no need to download the Zoom app. See link for your region below.
